Objective

Computer Science undergraduate focused on Front-End development, with a foundation in C++, Python, HTML, CSS, and JavaScript. Currently pursuing the DEPI React track and developing skills in modern web technologies. Seeking a Front-End internship or training opportunity to apply my skills and contribute to real-world projects.

Education

- Qena University (GPA : 3.27) 2029(Expected)
- Faculty of Computer science and information technology

Experience & Programs

React Front-End Trainee — Digital Egypt Pioneers Initiative (DEPI) 2026 – Present

- Training in Front-End development using HTML5, CSS3, JavaScript, TypeScript, Bootstrap, and React.
- Applying responsive design, UX/UI principles, Git/GitHub, and modern coding best practices.
- Gaining hands-on exposure to Node.js, Express.js, Docker, testing, and functional documentation.

Competitive Programming Participant — ECPC (Aug 2026)

- Preparing for ECPC 2026 through problem solving and competitive programming using C++.
- Practicing data structures, algorithms, optimization, and problem-solving under time constraints.
- Collaborating within a university team to solve programming challenges.

Technical Skills

- **Web Development:** HTML, CSS, JavaScript, Bootstrap, Tailwind, TypeScript, React.js
- **python:** numpy, pandas, tkinter, matplotlib, loops, conditions, functions
- **C++:** conditions, loops, functions, string, arrays
- **Problem Solving**

Language Skills

- Arabic: Native
- English: B2(ReadingC1, WritingB2, SpeakingB2, ListeningC1)

Extracurricular Activities

• Social Media Member at Students for Egypt–SFEC(Oct2025–Present)

Making social media posts and designs and editing photos and videos for the team
